ARCHITECTURAL SYSTEMS

Aluminum Contractor: Soic Infinity Solutions International S.A.E
Cairo, Egypt

Authorization Letter

Dear Sir,

This letter is to confirm that **M/s. Soic Infinity Solutions International S.A.E - Egypt** is authorized and approved fabricator to use Aluman systems in the above-mentioned project and will be provided with the needed technical support.

Our support to M/s Soic Infinity Solutions International S.A.E will include the authorization for the use of Aluman systems designs and the technical support during the design process, along with the authorization for the purchase of Aluman systems genuine parts (Aluminum / Accessories) from Aluman Middle East to fabricate and install the system.

This authorization has a validity of (1) years from the date of issuance.

Aluman Middle East will provide warranty for all the systems and products used by M/s Soic Infinity Solutions International S.A.E as per Aluman Middle East terms and conditions.

Aluman Middle East is a subsidiary of Grupo Aluman - Spain (GrupoAluman.com) and authorized to sell genuine Aluman aluminum profiles and accessories in the middle East, Asia And Africa.

Aluman Middle East is also the only entity which is authorized to approve, appoint, and authorize Aluman fabricators in the mentioned territory and deal with authorized fabricators to ensure the quality of works will meet Aluman and the international standards.

For any further information or clarifications needed regarding this authorization letter, please do not hesitate to contact Aluman Middle East.

Respectfully yours,
For and on behalf of Aluman Middle East.

إلى من يهمة الأمر

يرجى العلم بأن السادة / شركة سويك انفينتي وهو أحد المصنعين والمستخدمين للأنظمة المنتجة لدينا من قطاعات وإكسسوارات الألومنيوم.

وقد حرر هذا الخطاب بناء على طلب العميل دون أدنى مسئولية على الشركة.

كما نحيطكم علماً بأننا نقوم بتقديم خدمة الدعم الفني للأنظمة المنتجة لدينا في مراحل المشروع المختلفة وذلك من حيث:

١- اختيار القطاعات والإكسسوارات المناسبة.

٢- تقديم حلول فنية للمستجدات التي قد تنشأ أثناء التنفيذ.

٣- عمل زيارات ميدانية للمواقع في حال الاحتياج لذلك.

وهذا للعلم والإحاطة ،،،،،

وتفضلوا بقبول وافر الاحترام والتحية ،،،،،،،،،

Actually we started **SOIC INFINITY** as an entity, Since then using our accumulative capabilities & experiences, We made huge steps forward & marked our success in several projects. and multiple projects have been concluded In different cities Our multidisciplinary portfolio specialized in Facade Solutions includes all Glass and Aluminum Works (interior and Exterior), end with Engineering Training

We train our employee and develop them usually.

We hold a high experience represented in administrative, engineers, technicians and employee, and stacked with high technical instruments that produce our own high quality products with many brands and systems.

We try to seize opportunities and avoid threats by building a strong company base, forming partnerships and maximizing cooperation

Committed to always keep developing to lead the market, going beyond clients expectations and specifications of consultants

We always sharpen the saw to prove what we are

**A message from the chairman
Entity born with know how of the responsibility.**

As we are living in a new era of rapid technological development and there are mega-projects under designing / construction, with billions of dollars being spent on those projects, in addition to political and economic changes and ushering in the age of governance, and digital transformation,

We seek to be an influential player in the company's various fields and contribute to the development of other institutions We aim to return to the era of leadership, and for this we work with sincerity and commitment in all our work and our vision for a promising future in Egypt, and to provide the best of our hard work to maximize our share in the market through customer satisfaction and their confidence in dealing with us.

. So, we work hard to achieve the difficult equation to balance quality, price and save time and money without ignoring sustainability.

Shaimaa Oleba

www.infinityfacadeacademy.org

and As part of our commitment to Egypt, And as most of Industry Leaders are either prestigious consultancy firms or technical office engineers and under graduates and post graduates engineers working for manufacturing companies and Construction, We Started **professional diploma in FAÇADE ENGINEERING. Exclusive in Egypt** Not Only Covering All Theoretical Issues but, Also Practical Issues Through Our Key Players In The Construction Industries. in collaboration with Egyptian Engineers Syndicate and outstanding companies and factories in Egypt especially in the field of facades and green building engineering work, while providing effective training opportunities especially in the engineering sector in order to achieve integration between all the institutions to contribute to the advancement of Egypt.

SOIC COMMUNITY
